home to me ___ ba by come home ___

Maybe one more pill
 Will help me close my eyes
 To the pain I feel
 I can't sleep
 Unless you're laying beside me
 I've got no doubt
 That you'd be just fine
 If you were livin' without me
 But I just can't let you start it tonight
 9 10 11 now midnight strikes
 I don't know where you been
 But I still wanna make love tonight
 When you come stumbling in

Baby come home to me
 Baby come home to me
 It's a half past quarter-to-three
 Baby come home to me
 I said I'm not that kind of guy
 But you 'bout to see a grown man cry
 Baby come home to me
 Baby come home
